A SPECIAL EVENING WITH WINONA LADUKE

A chance for you to meet with the internationally renowned American Indian activist, orator, and writer, and founder of *Honor the Earth*, now in its 20th year

Learn about – and come to support – their newest campaign

1. To oppose the expansion of tar sands and fracking imports (in particular the Enbridge Pipelines in Minnesota)
2. To support the Lakota nation in its opposition to the KXL pipeline, which crosses their territory.

DATE:	Tuesday, November 5
TIME:	8 pm to 9 pm
PLACE:	BCEC Room 157C (Session 319.0)

This is our framework: we understand exactly where we are. We are the people who have a chance to face down the predatory economic system which is engaged in extreme energy extraction, the burning of fossil fuels, and consequently the degradation of our planet. We also understand that protecting the sacred is essential to all of our survival, the sacred lands, the sacred waters, the languages, seeds, and lifeways.
